

FEDERAL COMMAND PARTNERS

FEDERAL EXPERTISE. PRIVATE SECTOR AGILITY

CAPABILITY STATEMENT

CAGE: 16QV0 EUI: Z324ER1NL167

OUR DIFFERENTIATORS

- **Mission-Focused Leadership:** 20+ years supporting NASA & DoD test, engineering, and systems programs
- **Technical + Program Expertise:** Blends hands-on engineering with proven project/test management
- **Navy Officer owned:** Operated with multi-agency leadership background
- **Agile Small Business:** Fast, flexible, and responsive support tailored to prime contractor needs

CORE COMPETENCIES

- **Test & Evaluation** Planning, executing, and reporting on DoD test programs
- **Program & Project Management** for Aerospace and Defense
- **Systems Management** of flight hardware, life-support systems, and defense test assets across multi-agency environments.
- **Cross-Functional & Multi-Agency Coordination**
Facilitating alignment among engineers, contractors stakeholders to ensure test readiness and operational continuity.

PAST PERFORMANCE

- Directed multimillion-dollar DoD T&E portfolios at Arnold AFB, leading cross-functional teams and ensuring mission-critical test programs met technical, schedule, and congressional requirements.
- Provided real-time engineering leadership during ISS operations, coordinating with Mission Control and flight crews to resolve critical on-orbit anomalies and sustain crew health and system availability.
- Supported Navy Strategic Systems Programs & NAVSEA, leading Sailor mobilization, training alignment, and process automation that enhanced unit readiness and improved oversight for mission-essential assets.
